

CORONADO THUNDERBIRDS NEWSLETTER

JULY/AUGUST 2019

Paul F. Hlava
at daughter Holly's wedding

Hello Thunderbirds,

My wife and I just got back from the upper peninsula of Michigan. My wife is out-going president of the Hubbell Family Historical Society of four years (yes - Hubbell telescope, Hubbell Trading posts, etc. Hubbells are all over the country!). She is probably the very best president they have ever had. So she ran lots of meetings, hob-nobbed with relatives, etc., and got things done. But poor me! I had to contend with being surrounded by scores of IN-LAWS! Oh, we did lots of local history trips and the like and I gave a talk on the geology of the Peninsula and the native copper deposits. But I am glad to be back.

It is now the end of June and the *Fourth Of July* is approaching fast! My wife and I are planning our usual picnic party in our backyard with many ~~Of~~ er, I mean long-term friends. We get together, jawbone, eat, jawbone, move to the front yard, jawbone, watch our safe and sane fireworks, and, yes, jawbone! It was a wet spring and I have heard no special fireworks restrictions but the region is starting to dry out. Wonder-ground.com shows large areas of southern Nevada, eastern Arizona, and Southwestern Colorado having fire danger notices. None in New Mexico so far but I wish to encourage all of you WILD ones to be careful! Or we could encounter a disaster!

Which reminds me that our speaker for July is Systems Engineer and author Earl Boebert discussing how changes in corporate governance and culture over the past two decades have made the world a more dangerous place. His talk covers the organizational factors that contributed to the Deepwater Horizon catastrophe, the loss of the steamship El Faro, and the Boeing 737 MAX failures. Join us for "Catastrophes: Commonalities in Three Examples."

Talking about parties - our August meeting will again be our traditional Bar-Be-Que at the Mountain View Club. Indoors as we cannot depend on the weather to treat us nicely.

OK. Time to wrap this up and say - See you at our meetings!

Paul Hlava

Program, Tuesday, July 9th—Systems Engineer and author Earl Boebert discusses how changes in corporate governance and culture over the past two decades have made the world a more dangerous place. His talk covers the organizational factors that contributed to the Deepwater Horizon catastrophe, the loss of the steamship El Faro, and the Boeing 737 MAX failures. Join us for "Catastrophes: Commonalities in Three Examples."

Tuesday, August 13th—Annual Picnic—This is our indoor picnic which gives everyone a chance to visit with the other members of the Club. We will also review the candidates for the 2020 Board of Directors. There is no program at this meeting.

Call for New Board Members—We are looking for new members for the Board of Directors. This is a great opportunity to serve the Club. If you would like to serve, please let one of our current Board members know. We have openings and we have Board members who are ready to rotate out from multiple year terms.

From the Kirtland Air Force Base App - "Eubank Gate Security Improvement Project - Kirtland Air Force Base (KAFB) will soon begin a construction project at the Eubank gate to address security concerns and provide access to the new NNSA Albuquerque Complex.

The 15-month construction project is expected to begin in September 2019. Those who live, work, and provide services to the base will experience impacts and delays."

We will try to keep you updated with information as we hear about it and as it affects access to the Base for Coronado Thunderbird activities.

Change of Command—A new commander, Col. David S. Miller, took command of the 377th Air Base Wing on June 21, 2019. Col. Miller joins "Team Kirtland" from Malmstrom Air Force Base, Montana, where he was commander of the 341st Maintenance Group.
