Hello Thunderbirds,

Albuquerque has had an unusual amount of rain so far this year so it is fitting that our May speaker will address water and flooding. Our speaker for **May 14th** is Jerry M. Lovato, P.E., Executive Engineer, with the Albuquerque Metropolitan Arroyo Flood Control Authority (AMAFCA) (even the acronym is a mouthful). He will speak about Albuquerque's flood control coverage, Albuquerque's need for water, water sources, water reuse, and more. I know many of you Thunderbirds will be interested in his talk. So show up on Tuesday May 14, 2019, for this presentation. BTW - George Oltman had arranged for this presentation before his demise.

BTW - Colonel Gibbs is no longer base commander. The "new" fellow is GENERAL Gibbs. If you run into him give him a word of congratulations on his recent promotion.

The major bottleneck concerning base passes for us Coronado Thunderbirds has been the required sign-off by Mountain View Club manager, Billy Mayberry. This will soon be alleviated when his new assistant arrives. She will have the authority to sign off on your memberships, which is required by the military. Pete Havey will be happier then. Remember, though, that the base pass wheels turn slowly, so be sure to get your new form from Pete early so your base access does not lapse.

On tap for June is the return of Kim O'Roark from Home Care Assistance. The topic is on dementia and Alzheimer's Disease, and I'm sure you will all enjoy it. Ms. O'Roark is a fantastic speaker!

Program, Tuesday, May 14th—Presentation by Jerry M. Lovato, PE, Executive Engineer. Mr. Lovato is with the Albuquerque Metropolitan Arroyo Flood Control Authority (AMAFCA). He will be discussing Albuquerque's flood control coverage and information about Albuquerque's water use. He has some interesting video to show us.

Program, Tuesday, June 11th—Presentation by Kim O'Roark, who gave a very informative and enjoyable presentation to us in January. Ms. O'Roark is a Certified Therapeutic Recreation Specialist and Certified Dementia Specialist and Trainer. She is the manager of our Cognitive Therapeutic Method program, a Home Care Assistance proprietary program designed to slow the decline of memory in the clients we serve. She has over 20 years of experience working with dementia clients. Her presentation will center on: Definitions of dementia and Alzheimer's Disease; the biology of the brain and how it is impacted by dementia; communicating with someone with dementia; and not personalizing your interactions and taking care of yourself.

Our programs are part of the Coronado Thunderbirds General Monthly Meetings, which are held at the Mountain View Club on KAFB. Social time begins at 11:00 am, when you may purchase a meal for \$10.00 per person. The business portion of the meeting starts at Noon, then the program begins afterwards.
